ABOUT ME

Full Stack Software Engineer with 2+ years of experience designing, developing, and deploying scalable web applications. Strong expertise in MERN Stack, Django, RESTful APIs, headless CMS, and responsive UI engineering.
Proven ability to build high-performance websites, admin dashboards, and client-facing applications across education, healthcare, e-commerce, tourism, and business domains.
Specialize in React, Next.js, Tailwind CSS, and modern frontend frameworks; also skilled in Node.js, Express.js, Django, MySQL, MongoDB, and SQLite.

PROFESSIONAL EXPERIENCE

Full Stack Web Developer Intern
2024 – 2025

MS DIGITAL MARKETING AGENCY

- Developed and deployed 15+ live client websites using Django, PHP, WordPress.
- Built responsive frontends and dynamic backend modules for business platforms.
- Improved performance using static generation, asset optimization, and lazy loading.
- Designed and optimized MySQL database structures for forms and dashboards.
- Integrated third-party APIs and business features with secure backend logic.
- Collaborated on deployment, maintenance, and production issue resolution.

Customer Success Executive
2022 – 2023

SBI CALL CENTER

- Managed customer communication and resolved service issues in high-volume environment.
- Strengthened problem-solving and client satisfaction skills.
- Improved issue resolution quality through active listening and structured responses.
